Pontiff was appointed to the Board in 2014 by the Iberia Parish Council. "I'm honored to continue my involvement in the development of the Port. Having previously served as the Port's Executive Director for 17 years, I have a unique opportunity to use my institutional knowledge of the working of the Port in policy decision as a Board member. I enjoy working with the Port staff and fellow Commissioners for the betterment of our community and region."

"The deepening of the Acadiana Gulf of Mexico Access Channel is well underway. The dredging has begun and we are excited to be closer to allowing much larger vessels to access our port, therefore creating more job opportunities for all of Acadiana. Thank you to our entire Acadiana legislative delegation for securing the necessary funding to make this project a reality."
